

SAP PP TRANSACTION CODES LIST

- MD25 : Tcode for Create planning calendar
- MD26 : Tcode for Change planning calendar
- MD27 : Tcode for Display planning calendar
- MDSA : Tcode for Display BOM explosion number
- MDSP : Tcode for Edit BOM explosion number
- MEQ1 : Tcode for Maintain quota file
- OPPP : Tcode for Explode BOM by date
- MDUS : Tcode for Display project assignment
- MDUP : Tcode for Process project assignment
- MDL1 : Tcode for Create production lot
- MDL2 : Tcode for Change production lot
- MDL3 : Tcode for Display production lot
- MD20 : Tcode for Create planning file entry
- MD21 : Tcode for Display planning file entry
- MDAB : Tcode for Set up planning file entry in background
- MDRE : Tcode for Check planning file entry
- MD01 : Tcode for Total planning online
- MDBT : Tcode for Total planning in background
- MD03 : Tcode for Single-item, single-level planning
- MD02 : Tcode for Single-item, multi-level planning
- MD43 : Tcode for Interactive single-item planning
- MD50 : Tcode for Multi-level, make-to-order planning
- MD51 : Tcode for Multi-level project planning
- MF52 : Tcode for Display planning table
- MF50 : Tcode for Change planning table
- MF57 : Tcode for Planning table by MRP lists
- MF51 : Tcode for Planning table by production list

- **MD04 : Tcode for Stock/requirements list**
- **MD07 : Tcode for Collective access of stock/requirements lists**
- **MD05 : Tcode for MRP list**
- **MD06 : Tcode for Collective access of MRP lists**
- **MDLD : Tcode for Print MRP list**
- **MD45 : Tcode for Planning result**
- **MD46 : Tcode for Collective access of planning result**
- **MD44 : Tcode for Planning situation for a material**
- **MD47 : Tcode for Planning situation for a product group**
- **MD48 : Tcode for Cross-plant planning situation**
- **MD4C : Tcode for Order report**
- **MD09 : Tcode for Pegged requirements**
- **CO46 : Tcode for Order progress**
- **MD11 : Tcode for Create planned order**
- **MD12 : Tcode for Change planned order**
- **MD13 : Tcode for Individual access of planned order**
- **MD16 : Tcode for Collective access of planned orders**
- **MD14 : Tcode for Individual conversion of planned order into purchase requisition**
- **MD15 : Tcode for Collective conversion of planned orders into purchase requisitions**
- **MDUM : Tcode for Convert planned order into purchase requisition in background**
- **CO40 : Tcode for Convert individual planned order into production order**
- **CO41 : Tcode for Collective conversion of planned orders into production orders**
- **CO48 : Tcode for Partial conversion of planned order into production order**
- **COR7 : Tcode for Individual conversion of planned order into process order**
- **COR7_PC : Tcode for Collective conversion of planned orders into process orders**
- **COR8 : Tcode for Partial conversion of planned order into process order**
- **MDVP : Tcode for Collective availability check**
- **MDAC : Tcode for Execute action for planned order**
