

SAP INVENTORY MANAGEMENT (MM-IM) TABLES LIST

- **MSEG** : This table contains Document Segment: Material
- **MKPF** : This table contains Header: Material Document
- **RESB** : This table contains Reservation/dependent requirements
- **MARI** : This table contains Short document: material movement
- **ISEG** : This table contains Physical Inventory Document Items
- **RKPF** : This table contains Document Header: Reservation
- **T156** : This table contains Movement Type
- **IKPF** : This table contains Header: Physical Inventory Document
- **T156T** : This table contains Movement Type Text
- **CHVW** : This table contains Table CHVW for Batch Where-Used List
- **T156SY** : This table contains Mvt Type: Qty/Value Update: System Table;
Rel. 4.6A
- **MMIM_REP_PRINT** : This table contains Print Settings, Reporting MM-IM
- **T156S** : This table contains Movement Type: Quantities/Value Posting
(Until Rel. 4.5B)
- **T156W** : This table contains Posting string values
- **T156M** : This table contains Posting String: Quantity
- **T159L** : This table contains Default values for inventory management and
physical invent.
- **T134M** : This table contains Control of Qty/Value Update
- **A133** : This table contains Mixed Taxes, Domestic
- **T156HT** : This table contains Main Text for Movement Type
- **T156SC** : This table contains Mvt Type: Qty/Value Posting: Customer
Table; as of Rel. 4.6A

- **V_T001W** : This table contains Generierte Tabelle zu einem View
- **MMIM_REP_CUST** : This table contains Customizing f. Inventory Mgmt Reporting
- **T156X** : This table contains Trans./Event Key Modification
- **T158G** : This table contains MMIM: Possible Codes for BAPI Goods Movement
- **V_MMIM_REP_CUST** : This table contains Generated Table for View V_MMIM_REP_CUST
- **T064B** : This table contains Stock Types and Texts for Physical Inventory
- **CHVW_IDX** : This table contains Batch Where-Used Index Table for Selection of Data Objects
- **T159I** : This table contains Test Data for Batch Input in Inventory Management (Phys.Inv)
- **T134H** : This table contains Organiz. Unit: Business Area Determ.- MM View
- **V_T001K_ASSIGN** : This table contains Generierte Tabelle zu einem View
- **MMIM_PREDOC_ORG** : This table contains Parked Material Documents, Organizational Data
- **MMINKON** : This table contains Worklist for Inconsistent Materials
- **V_156B** : This table contains Generierte Tabelle zu einem View
- **V_MKPF** : This table contains Generierte Tabelle zu einem View
- **V_MMIM_LC** : This table contains Generierte Tabelle zu einem View
- **T156F** : This table contains Fields in Quantity String

- **T159C** : This table contains Value table for counting cycles in cycle counting
- **MIGO_CUST_FIELDS** : This table contains MIGO: Field Selection per Movement Type
- **M_MBMPS** : This table contains Generierte Tabelle zu einem View
- **MKPF_ARIDX** : This table contains Index table for single doc. access to archive MM_MATBEL
- **MIGO_BADI_EXAMPL** : This table contains BADI in MIGO: Example Table
- **SSCH** : This table contains Strata of Inventory Sampling
- **MIGO_BADI_EXAMP2** : This table contains BADI in MIGO: Example Table (Header)
- **V_001K_K** : This table contains Generierte Tabelle zu einem View
- **V_156_VC** : This table contains Generated Table for View V_156_VC
- **V_158B_VC** : This table contains Generated Table for View V_158B_VC
- **V_T156SY** : This table contains Generated Table for View V_T156SY
- **V_T001L** : This table contains Generierte Tabelle zu einem View
- **SKPF** : This table contains Header Data: Inventory Sampling
- **V134W** : This table contains Generierte Tabelle zu einem View
- **MIGO_CUST_REFDOC** : This table contains MIGO: Control of Listbox Reference Document
- **V_159R** : This table contains Generated Table for View V_159R
- **MWXMSEG** : This table contains ZMSEG: Interface for Posting of Value
- **MIGO_BADI_HOLD** : This table contains MIGO BADI: Table for Held External Data

- **MB_MDBS** : This table contains Generierte Tabelle zu einem View
- **V_134G** : This table contains Generated Table for View V_134G
- **V_159C** : This table contains Generated Table for View V_159C
- **V_T001L_L** : This table contains Generierte Tabelle zu einem View
- **V_156X_KO** : This table contains Generated Table for View V_156X_KO
- **V_156Q_VC** : This table contains Generated Table for View V_156Q_VC
- **V_156SC_VC** : This table contains Generated Table for View V_156SC_VC
- **MIGO_CUST_ACTION** : This table contains MIGO: Control of Listbox Transaction
- **V_156N_VC** : This table contains Generated Table for View V_156N_VC
- **SLGH** : This table contains Elements of Stock Population
- **USEG** : This table contains Retail Revaluation Document: Revaluation Segment
- **MWZDM07M1** : This table contains ZDM07M1
- **MIGO_T156** : This table contains Movement Types - Reference MIGO
- **MMINKON_UP** : This table contains Corrections due to Technical Problems with Stock
- **RPGRI** : This table contains Texts for grouping of movement types
- **MWZDM07M2** : This table contains ZDM07M2
- **T159X** : This table contains Inventory Management: XAB numer range determination
- **V_159L** : This table contains Generierte Tabelle zu einem View
- **MWXVM07M** : This table contains Fields: Update Control of Module Pool SAPMM07M

- **V_156_AB** : This table contains Generated Table for View V_156_AB
- **MSTB** : This table contains Stock in Transit
- **T043I** : This table contains Tolerance Groups for Persons Processing Inventory Diff.
- **V_MMIM_LN** : This table contains Generierte Tabelle zu einem View
- **UKPF** : This table contains Retail Revaluation Document: Revaluation Header
- **V_156X_VC** : This table contains Generated Table for View V_156X_VC
- **MWZMSEG** : This table contains ZMSEG:Interface for Posting of Value
- **T159Z** : This table contains Inventory Management: XAB number range
- **MIGO_INIT** : This table contains Control Table for Operation in Transaction MIGO
- **SBSE** : This table contains Stock Mngmt Levels for Inventory Sampling
- **V_MMIM_LB** : This table contains Generierte Tabelle zu einem View
- **V134G** : This table contains Generierte Tabelle zu einem View
- **V_SLGH_1** : This table contains Generierte Tabelle zu einem View
- **MWSTOR** : This table contains Reversal Transactions
- **T159A** : This table contains Test Data for Batch Input in Inventory Management
- **V_156T_VC** : This table contains Generated Table for View V_156T_VC
- **V_157H_VC** : This table contains Generated Table for View V_157H_VC
- **V_159N** : This table contains Generated Table for View V_159N
- **V_158_ALL** : This table contains Generated Table for View V_158_ALL
- **V_MMIM_BS** : This table contains Generierte Tabelle zu einem View
- **H_T156** : This table contains Generated Table for View H_T156

- **MSTE** : This table contains Stock in Transit to Sales and Distribution Document
- **MWZVM07M** : This table contains Fields: Update Control of Module Pool SAPMM07M
- **V_TNAD7** : This table contains Generierte Tabelle zu einem View
- **T064A** : This table contains Physical Inventory Stock Types
- **V_T001W_L** : This table contains Generierte Tabelle zu einem View
- **V_TCURM_ENQUEUE** : This table contains Generated Table for View V_TCURM_ENQUEUE
- **MIGO_CUST_TCODE** : This table contains MIGO: Transactions
- **MWMKPF** : This table contains Header Table for the Interface
- **MWYMBUZ** : This table contains Line Assignment
- **MWZMBUZ** : This table contains ZMBUZ
- **V_156M** : This table contains Generierte Tabelle zu einem View
- **V_MMIM_KN** : This table contains Generierte Tabelle zu einem View
- **V_158_D** : This table contains Generated Table for View V_158_D
- **T159F** : This table contains MMIM: Error Messages Resulting From Blocked Objects
- **V_001L_B** : This table contains Generierte Tabelle zu einem View
- **V_159L_E** : This table contains Generierte Tabelle zu einem View
- **T023X** : This table contains Exception Table for Value-Only Material Determination
- **T063D** : This table contains Screen Control: View in Inventory Management
- **V_MMIM_EN** : This table contains Generierte Tabelle zu einem View

- **V_MMIM_QN** : This table contains Generierte Tabelle zu einem View
- **T023W** : This table contains Control Table for Value-Only Material Determination
- **H_T157D** : This table contains Generated Table for View H_T157D
- **TNAD9** : This table contains Output Determination: Printer per SLoc. and User Group
- **V_064S_1** : This table contains Generierte Tabelle zu einem View
- **V_MMIM_MKP** : This table contains Generierte Tabelle zu einem View
- **V_T001L_I** : This table contains Generierte Tabelle zu einem View
- **V_T001L_N** : This table contains Generierte Tabelle zu einem View
- **V_TNAD9** : This table contains Generierte Tabelle zu einem View
- **T6WP4** : This table contains Check Table for Label Shape
- **V_159I** : This table contains Generated Table for View V_159I
- **H_T158B** : This table contains Generierte Tabelle zu einem View
- **WRF_STOCK_SITUAT** : This table contains Stock Situation Table
- **V_156_R** : This table contains Generated Table for View V_156_R
- **V_157D** : This table contains Generated Table for View V_157D
- **V_MMIM_WB** : This table contains Generierte Tabelle zu einem View
- **V_156S_GR** : This table contains Generated Table for View V_156S_GR
- **V_159L_C** : This table contains Generierte Tabelle zu einem View
- **V_MMIM_ON** : This table contains Generierte Tabelle zu einem View
- **V_043_B** : This table contains Generierte Tabelle zu einem View
- **V_156B_VC** : This table contains Generierte Tabelle zu einem View
- **V_156_C** : This table contains Generated Table for View V_156_C
- **V_156_MHD** : This table contains Generated Table for View V_156_MHD

- **V_158_P** : This table contains Generated Table for View V_158_P
- **V_159B** : This table contains Generated Table for View V_159B
- **V_159L_ICHNRKWE** : This table contains Generierte Tabelle zu einem View
- **V_MMIM_STO** : This table contains Generierte Tabelle zu einem View
- **TASSIGN_MM_T001W** : This table contains Aux. Table for Status Info SD Maintenance View: Key VKORG
- **WRMA_EVALPER** : This table contains Completed RMA Periods
- **WRMA_V_MBEW** : This table contains Generierte Tabelle zu einem View
- **V_156_D** : This table contains Generated Table for View V_156_D
- **TWPR** : This table contains Profile for Value-Based Inventory Management
- **V_156_CN** : This table contains Generated Table for View V_156_CN
- **IMEXT** : This table contains Enhancement Fields for Goods Receipt
- **TPOOL** : This table contains Master Record, LIFO Pools
- **MYMP1** : This table contains Receipt Data LFIO/FIFO Valuation
- **MYML** : This table contains LIFO Material Layer (Annual)
- **MYMP** : This table contains LIFO Period Stocks, Individual Material
- **MYCOM** : This table contains Bal. Sheet Valuation: Table of Database Commits Carried Out
- **MYMLM** : This table contains LIFO Material Layer (Monthly)
- **MYPL** : This table contains LIFO Pool Layer (Annual)
- **MYMFT** : This table contains FIFO Results Table
- **MYPLM** : This table contains LIFO Pool Layer (Monthly)
- **T001Y** : This table contains Valuation Levels for LIFO Inventory Valuation

- **V_NIW5** : This table contains Generierte Tabelle zu einem View
- **MYML1** : This table contains LIFO: Transaction-Related Material Layer
- **MYML1Q** : This table contains LIFO: Transaction-Related Material Layer
(Quantity)
- **TMY05** : This table contains Directory for Versions for LIFO Valuation
- **MYABK** : This table contains Bal. Sheet Valuation: Table of Database
Commits Carried Out
