

SAP COPA TABLES LIST

- COVA : This table stores Variants: Cluster Table
- TKEZU : This table stores CO-PA: Assignments to CO-PA Characteristics
- CEFORMW : This table stores CO: Row/Column Structure Variable Texts
- CEFORMT : This table stores Table for Report Painter Row and Column Texts
- CEFORMF : This table stores CO: Definition of contents of element in row/col.str.
- CEFORMS : This table stores Table for description of structures
- CEFORMV : This table stores CO: Variables for row/column structure
- CEFORMA : This table stores CO: Change History for Row/Column Structure
- CEFORMC : This table stores RPT: History of formatting changes to elements
- CEFORME : This table stores Table of descriptions of element structures
- CEPRINT : This table stores Table for description of print statement for CO-PA forms
- CESETS : This table stores Set Administration in the Report Painter
- TKEBWTS : This table stores CO-PA Connection to SAP BW: Processed Time Intervals
- TKEB1 : This table stores Report Management
- TKEB : This table stores Management for Operating Concerns (Client-Specific)
- GLTPC : This table stores Profit Center Accounting
- CE1S_AL : This table stores Airline Route Profit
- CEALE01 : This table stores CO-PA Distribution: Line Item Reference for Distribution

- TERKR : This table stores CO-PA structure
- V_TKE_BUS_TRANS : This table stores Generierte Tabelle zu einem View
- TKEBWL : This table stores CO-PA Connection to SAP BW: InfoSources
- TERKT : This table stores Texts for operating concern structures
- TKB9G : This table stores PA Transfer Structure: Source
- TKVST : This table stores CO Version Texts
- T239 : This table stores Report version table
- CE1S001 : This table stores Sample operating concern
- CE2S001 : This table stores Sample operating concern
- TKEF : This table stores CO-PA field catalog
- T2503 : This table stores Values for Characteristic "Global PH Level 1 "
- TKEDRS : This table stores Characteristic Derivation: Steps
- TKES : This table stores CO-PA Basis Field Catalog (fixed fields)
- T2501 : This table stores Values for Characteristic "NRT Flag "
- V_TKEBWKYF : This table stores Generierte Tabelle zu einem View
- T237A : This table stores Display control for T237
- TKEB2 : This table stores Report Texts
- TKES1 : This table stores Row/column structures
- TKEBWTSN : This table stores CO-PA Connection to SAP BW: Processed Time Intervals
- TKEBWLG : This table stores CO-PA Connectn to SAP BW: Status Information for InfoSource
- TKEDRSF : This table stores Characteristic Derivation: Steps, Fields

- T25A2 : This table stores Text table for characteristic values
- T821S : This table stores Distribution keys
- CEST4 : This table stores Segment table (CO-PA)
- TKESV : This table stores Global variables
- T2505 : This table stores Values for Characteristic "Global PH Level 3 "
- T2561 : This table stores Values for Characteristic "Payers' Location "
- TKECRM : This table stores CRM: Transfer of CRM Cost Element Group
- V_TKEZU : This table stores Generated Table for View V_TKEZU
- TKESK : This table stores CO: Folder of key figures for row/column structure
- CEERROR : This table stores CO-PA: Incorrect records from SD
- T258M : This table stores Assignment: SD qty. fields -> CO-PA qty. fields
- TKEVA05 : This table stores CO-PA Quantity Field --> Quantity Field with Standard Unit
- TKETE03 : This table stores Operating Concern Templates:Reference Values in Example Data
- T25A1 : This table stores Text table for characteristic values
- CE4S001 : This table stores Sample operating concern
- TKEFE : This table stores Field catalog, assignment to operating concern
- TKEL : This table stores CO-PA ledger
- T2504 : This table stores Values for Characteristic "Global PH Level 2 "
- TKEEXITS : This table stores CO-PA Internal Exits
- TKESW : This table stores Text for global variables
- T25A3 : This table stores Text table for characteristic values

- T25A4 : This table stores Text table for characteristic values
- CE3S001 : This table stores Segment level (CO-PA)
- CE4S_CP_FLAG : This table stores Template for Consumer Goods Industry
- T25A5 : This table stores Text table for characteristic values
- V_TKEVG3 : This table stores Generated Table for View V_TKEVG3
- TKEDR : This table stores Characteristic Derivation: Strategies
- T22E6 : This table stores Text Table for Characteristic Values
- T22E8 : This table stores Text Table for Characteristic Values
- T22E9 : This table stores Text Table for Characteristic Values
- TKB9E : This table stores PA Transfer Structures for Settlement
- TKEBWL F : This table stores CO-PA Connection to SAP BW: Fields for the InfoSources
- TKEBWLS : This table stores CO-PA Connection to SAP BW: Selection Condition
- TKEBWLT : This table stores CO-PA Connection to SAP BW: InfoSource Texts
- TKEBWLY : This table stores CO-PA / SAP BW: Read Special Settings from DataSource
- TKEP8 : This table stores Characteristic group : This table stores rows
- TKETRLG : This table stores Summarization Levels: Catalog entry, header (generated obj.)
- TKE_BUS_TRANS : This table stores CO-PA Update of Business Transactions
- TKES5 : This table stores Text Table for TKES4
- CE1S_GO : This table stores Quickstart Template

- CE2S_GO : This table stores Quickstart Template
- CE4S_GO : This table stores Quickstart Template
- CE4S_GO_ACCT : This table stores Quickstart Template
- CE4S_GO_KENC : This table stores Quickstart Template
- COPA_GUID_MAP : This table stores Mapping Table between CRM GUIDS and CO-PA Database Structure
- COVAT : This table stores Texts for Variants
- CE4S_AL : This table stores Airline Route Profit
- TKEBWLGN : This table stores CO-PA Connectn to SAP BW: Status Information for InfoSource
- TKEPE : This table stores Admin.table for transferring plan data from CO-PA to SOP
- TKES2 : This table stores Text Table for Row/Column Structure
- TKEBC : This table stores Translation Status of Operating Concern
- TKEPACK : This table stores Packed Storage for Segment Level: Control Table
- TKETE01 : This table stores Operating Concern Templates: Sub-Tree Structure
- TKETE02 : This table stores Templates: Control Table for Characteristic Maintenance
- T255 : This table stores Values for Characteristic "&"
- V_TKEB : This table stores Generated Table for View V_TKEB
- TKEAS : This table stores CO-PA derivation rules: Control table
- TKEPLEXIT : This table stores Customer Exits for CO-PA Planning
- TKES4 : This table stores CO Row/Column Structure: Logical Pages

- V_TKEF : This table stores Generierte Tabelle zu einem View
- TKB9F : This table stores Assignment of cost element grps to CO-PA value fields
- TKEBWF : This table stores CO-PA Interface with SAP BW: Field Attributes
- COVAL : This table stores Log Management Table
- TKEVA02 : This table stores Valuation Strategies (CO-PA)
- TKEFD : This table stores CO-PA field catalog, compound characteristics
- TKEPROT : This table stores Characteristic Values in CO-PA Key Tables
- T2246 : This table stores Values for Characteristic "Main Product Group "
- T2249 : This table stores Values for Characteristic "Brand "
- T22A7 : This table stores Text Table for Characteristic Values
- T22A8 : This table stores Text Table for Characteristic Values
- T22A9 : This table stores Text Table for Characteristic Values
- T22B0 : This table stores Text Table for Characteristic Values
- T22B1 : This table stores Text Table for Characteristic Values
- T22B2 : This table stores Text Table for Characteristic Values
- T22B3 : This table stores Text Table for Characteristic Values
- T22B4 : This table stores Text Table for Characteristic Values
- T22B5 : This table stores Text Table for Characteristic Values
- T22B6 : This table stores Text Table for Characteristic Values
- T22E7 : This table stores Text Table for Characteristic Values
- T237T : This table stores Text table for T237
- T239T : This table stores Text table for T239
- CE1S_CP : This table stores Template for Consumer Goods Industry

- CE2S_AL : This table stores Airline Route Profit
- CE2S_CP : This table stores Template for Consumer Goods Industry
- CE3S_AL : This table stores Airline Route Profit
- CE3S_CP : This table stores Template for Consumer Goods Industry
- CE3S_GO : This table stores Quickstart Template
- CE4S001_FLAG : This table stores Sample operating con
- CE4S_AL_ACCT : This table stores Airline Route Profit
- CE4S_AL_FLAG : This table stores Airline Route Profit
- CE4S_AL_KENC : This table stores Airline Route Profit
- CE4S_CP : This table stores Template for Consumer Goods Industry
- CE4S_CP_ACCT : This table stores Template for Consumer Goods Industry
- CE4S_CP_KENC : This table stores Template for Consumer Goods Industry
- CE4S_GO_FLAG : This table stores Quickstart Template
- K9RALR0000472SAP : This table stores Derivation Rule: Destination from Flight Segment
- K9RALR0000473SAP : This table stores Derivation Rule: Departure Location from Flight Segment
- K9RALR0000474SAP : This table stores Derivation Rule: Rotation from Flight Number
- K9RALR0000475SAP : This table stores Derivation Rule: Region from Destination
- K9RALR0000476SAP : This table stores Derivation Rule: Flight Type from Flight Number

- K9RALR1000001SAP : This table stores Derivation Rule: Strategic Business Unit from Customer Group
- K9RP000000019SAP : This table stores Derivation Rule: Main Product Group from Material Group
- K9RP991000002SAP : This table stores Derivation Rule: Strategic Business Unit from Customer Group
- KECRM_T8A10 : This table stores PCA: Substitution for CRM Integration
- KEFV_ADDON : This table stores Distribution Key Maintenance : This table stores Application-Specific Add-Ons
- COPA_CRMSTATUS : This table stores CO-PA Status: Records from CRM
- COPA_CRM_CEERROR : This table stores CO-PA: Incoming AE Records from CRM with Errors
- COPA_CRM_GUIDMAP : This table stores Mapping Table CRM GUIDS : This table stores CO-PA Document Numbers
- COVAD : This table stores Variant catalog
- T2548 : This table stores Values for Characteristic "SAS FM Revenue Type "
- T25E8 : This table stores Values for Characteristic "SAS FM Revenue Type "
- TKEDRH : This table stores Characteristic Derivation: Header
- V_TKESV : This table stores Generated Table for View V_TKESV
- TKEBWLH : This table stores Note Characteristics When Creating CO-PA Hierarchy DataSrce
- TKEDRPCONF : This table stores Char. Derivation: Maintaining Personal Configuration Rules

- TKEDRST : This table stores Characteristic Derivation: Steps, Texts
- TKETRLF : This table stores Summarization Levels: Catalog Entry, Characteristics
- T2247 : This table stores Values for Characteristic "Strategy Business Unit."
- V_TKEBL : This table stores Generated Table for View V_TKEBL
- TKEADPC00 : This table stores Assignment accounts -> value fields for profit center profit
- T2502 : This table stores Values for Characteristic "Accrual Flag "
- V_RS_T237A : This table stores Generated Table for View V_RS_T237A
- TKEVG : This table stores Control of Profitability Analysis by business function
- PA_SSTRCV3 : This table stores Generierte Tabelle zu einem View
- TKEAN : This table stores CO-PA: Control Table for PA Derivation of Characteristics
- TKEAT : This table stores Text table for TKEAS
- TKEP7 : This table stores Characteristic group
- TKE_DIST_SRC_VF : This table stores COPA Distribution: Value Field Assignment
